

# Invitation for Coaches to Register

Hello coach,

Please follow the directions below to register to coach/scout my upcoming testing event at The Scout Hub. After you register, you will have access to the event scouting software to evaluate and scout the players in our system or at our next event.

Thank you.

## Step 1:

Go to [www.thescouthub.com](http://www.thescouthub.com) and create a FREE member account first...

**Log In**

**CONFIRM SUBSCRIPTION**

**Thank you for subscribing**

You're now a subscriber on our mailing list for [www.thescouthub.com](http://www.thescouthub.com)

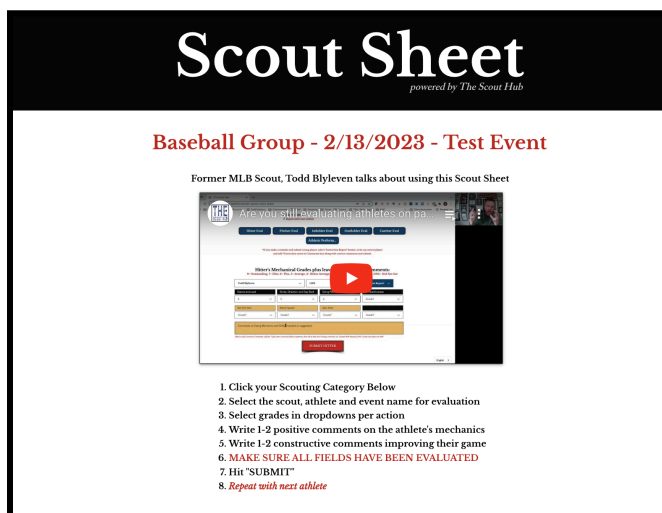

**Go to Website**

## Step 2:

Once registered, let us know, and then we will add you to Event. We will then send you the Event Scout Home Page URL link. You must be signed into your Scout Hub membership in order to view and use this system. Once you click on the URL that we share with you, you'll be taken to the homepage and on this page there is a tutorial video that you must watch which gives you instructions on how to use the system and evaluate the players properly. please give yourself 30 minutes to become familiar with the system at least a day or two days prior to the event start date.

## Step 3:

Wait for the Event to start and click on the shared URL. This will take you to the event's scout page where you can then go scout players for the company/school you are working for.

The image shows a screenshot of the Scout Sheet interface. At the top, it says "Scout Sheet" in large white letters on a black background, with "powered by The Scout Hub" in smaller text below it. Below this, the event title "Baseball Group - 2/13/2023 - Test Event" is displayed in red. Underneath, there is a video player showing a tutorial by "Former MLB Scout, Todd Blyleven" with a red play button in the center. Below the video, there is a list of instructions for using the system:

1. Click your Scouting Category Below
2. Select the scout, athlete and event name for evaluation
3. Select grades in dropdowns per action
4. Write 1-2 positive comments on the athlete's mechanics
5. Write 1-2 constructive comments improving their game
6. MAKE SURE ALL FIELDS HAVE BEEN EVALUATED
7. Hit "SUBMIT"
8. Repeat with next athlete

Thank and please visit this page here if you have any questions:
